

LEED for New Construction Technical Review Workshop

Certification Requirements and Process

Are you ready to enter the rapidly growing green building market?

Attend the LEED® for New Construction and Major Renovations Technical Review Workshop presented by the U.S. Green Building Council. Gain the knowledge needed to maximize commercial building performance, achieve LEED certification and take the LEED Professional Accreditation Exam.

WHY LEARN ABOUT LEED?

Ask any of the 5000 building owners seeking LEED certification right now. Owners and developers are demanding green buildings that save money while protecting the environment and occupant health. The USGBC's LEED Rating System™ is the nationally recognized rating system for green buildings. LEED is already being used by green building projects in all 50 states, and the market continues to grow.

WHO SHOULD ATTEND?

Industry professionals seeking to increase their understanding of the LEED for New Construction Rating System and green building strategies, benefits and resources:

- Architects
- Designers
- Consultants
- Owners
- Engineers
- Developers
- Contractors
- Manufacturers

WHAT'S COVERED

- LEED for New Construction and Major Renovations:
 - Technical requirements
 - Certification process
 - Project case studies and strategies
- Green building costs and benefits
- Available tools and resources
